Ref.: G2-RF-SLW positive assessment

Dear Sir,

According to LoRa Alliance Certification process description for LoRaWan, the certification by similarity is an option to get the LoRa Alliance Certification.

Based on the information provided by G2 MISURATORI SRL in their 'CertificationBySimilarityDeclarationV1_1' document, the device "G2-RF-SLW" meets all requirements specified by the LoRa Alliance. This device is a variant device which design is based on the already LoRaWAN certified "G2-IPS-CLW".

According to the documentation provided by G2 MISURATORI SRL, the device under certification has:

- The same LoRa transceiver
- The same LoRa protocol SW version
- The same MCU Core
- The same Clock design and implementation

than the already LoRaWAN certified product "G2-IPS-CLW".

Data provided by G2 MISURATORI SRL comply with LoRa Alliance requirements for certification by similarity.
