# PUSH&CALL

Quick Deploy Nurse Call System

Equip makeshift patient care areas with wireless nurse call buttons in minutes! Be ready to go when patient volume grows.

During a health crisis, healthcare facilities create temporary patient care areas that require a way for patients to call for nurses.

Push&Call is a plug-and-play nurse call system that works right out of the box. Solutions customized for areas of any size.

HOW IT WORKS

Patient pushes button requesting assistance

MESSAGE   now
+1 (555) 395 0911
Alert: Nurse call button pressed. Location: Tent 14, Bed 12. 8:14 AM, Aug 28. Reply 'T' to stop receiving this alert.

Patient receives assistance

Wireless button attaches to bed

Nurse gets notification
