LoRaWAN®

GATEWAYS

Different models
to support any IoT projects

Vega-Absolute introduces the new outdoor and indoor LoRaWAN® Gateway series!

All our gateways meet the standard of Lora Alliance requirements, offer quick deployment and easy scaling that suit both private and public LoRaWAN® networks. It does not matter where the project is being implemented, we are able to provide you gateways for any regional parameters across many countries.

Now you can find a suitable LoRaWAN® gateway for your business need or smart home automation as well.
